G2 CONSULTING GROUP PROMOTES JASON STOOPS AND JEFF HAYBALL

Troy, Mich./April 1, 2008 – G2 Consulting Group, a Troy, Mich.-based full-service geotechnical, environmental and construction services engineering firm, promoted Jason Stoops, P.E., to project manager and Jeff Hayball, P.E., to project engineer, both in G2's geotechnical group.

Stoops, a G2 employee since 2002, had been a project engineer in the geotechnical group. Most recently, he oversaw G2's work on the ITC headquarters and Ryder headquarters projects in Novi, Mich. He is a licensed professional engineer (P.E.) in Michigan, and earned a master's degree in civil engineering and a bachelor's degree in civil and environmental engineering from the University of Michigan. He is a member of the American Society of Civil Engineers and the Chi Epsilon Society at University of Michigan. Stoops lives in Livonia, Mich.

Hayball, a G2 employee since 2001, had been a staff engineer in the geotechnical group. He focuses on G2's services provided to the Michigan Department of Transportation in southeast Michigan. He is also a licensed P.E. in Michigan, and earned a bachelor's degree in civil engineering from Michigan State University. Hayball is a member of the American Society of Civil Engineers, and lives in Troy, Mich.

G2 (www.g2consultinggroup.com) is a full-service engineering firm providing geotechnical, environmental and construction engineering services to Fortune 500 companies, major utilities, property owners, government agencies and leading architectural, engineering and construction firms across the United States. Headquartered in Troy, Mich., G2 also has offices in Brighton, Mich., and Wheeling, Ill.
